

Hello Parents,

We will be launching our 2ADAY Fundraising efforts soon and we wanted to answer any questions you might have to ensure the success of the fundraiser.

Our fundraising company offers an easy and effective way to support your son's or daughter's program through our innovative fundraising platform. To maximize success, we ask for your help in submitting the names and phone numbers of 30 people you know - friends, family, neighbors - who might be willing to donate. This approach helps spread the word quickly and ensures your son or daughter receives the support they need to thrive.

We cannot do this without your involvement! By simply gathering this list, you're playing a key role in securing the resources needed for their activities, equipment and events. It takes just a few minutes, but the impact could last throughout the year. We appreciate your support in helping make this fundraiser a success!

Please see app instructions on the back of this sheet and have your 30 names and phones numbers entered into the system by ____/____/____.

On ____/____/____ we will have the students call everyone on their list, asking them for their support. ***Prior to this date, we ask the parents to reach out to the people letting them know your son or daughter will be calling them.***

***Please set up app on your son's or daughter's phone ONLY. They will invite you to join their page once their page is set up.**

*****All contacts are private and will be solely used by your son or daughter and their fundraising efforts. They will not be contacted for any other purpose or redistributed.**
